

Automotive interior mat

Application:

It is used for the manufacturing of car roofs, sunroof panels, etc. Due to high tensile strength, it can meet the requirements for continuous mechanical operation.

Product name	Type of product							
	Powder				Emulsion			
	Specs	Tensile Strength(N)	Loi content (%)	Moisture (%)	Specs	Tensile Strength (N)	Loi content (%)	Moisture (%)
Automotive interior mat	75g	90-110	10.8-12	≤0.2	75g	90-110	10.8-12	≤0.3
	100g	100-120	8.5-9.5	≤0.2	100g	100-120	8.5-9.5	≤0.3
